

30 March 1949

Vice Admiral Jules James, USN (Ret.)

Dear Jules:

Thank you for your letter of 25 March recommending [redacted], for a position with the Central Intelligence Agency.

We received [redacted] application forms on 21 March, and they are now being considered by some of our officials for determination as to whether we have a proper place for him. If we have a vacancy where he can fit in, we shall, of course, be very happy to employ him.

It was fine to have your recommendation and to know that someone with your good judgment has such a high opinion of one of our applicants.

With very best personal wishes, believe me,

Sincerely,

Signed & dispatched 3/30
